```
{% extends "base.html" %}
{% load crispy_forms_tags %}

{% block content %}

<div class="container container-account h-100">
  <div class="row align-items-center h-100">
    <div class="col-xs-12 col-12 col-md-6 mx-auto">
      <div class="card">
        <div class="card-body">
          {% if user.is_authenticated %}
            <form method="POST">
              {{ form | crispy }}
              {% csrf_token %}
```

Check

Use the Message Filtering button below to hide/show particular messages, and to see total counts of errors and warnings.

Message Filtering

- Warning** Consider adding a `lang` attribute to the `html` start tag to declare the language of this document.

[From line 1, column 1; to line 1, column 25](#)

```
{% extends "base.html" %}↔{% lo
```

For further guidance, consult [Declaring the overall language of a page](#) and [Choosing language tags](#).

If the HTML checker has misidentified the language of this document, please [file an issue report](#) or [send e-mail to report the problem](#).

- Error** Non-space characters found without seeing a doctype first. Expected

```
<!DOCTYPE html>.
```

[From line 1, column 1; to line 1, column 25](#)

```
{% extends "base.html" %}↔{% lo
```

3. **Error** Element `head` is missing a required instance of child element `title`.

[From line 1, column 1; to line 1, column 25](#)

```
{% extends "base.html" %}↵{% lo
```

Content model for element `head`:

If the document is [an iframe srcdoc document](#) or if title information is available from a higher-level protocol: Zero or more elements of [metadata content](#), of which no more than one is a [title](#) element and no more than one is a [base](#) element.

Otherwise: One or more elements of [metadata content](#), of which exactly one is a [title](#) element and no more than one is a [base](#) element.

Document checking completed.
