css

```
{% extends 'base.html' %}
{% block content %}

<div class="container container-account h-100">
  <h2 class="text-center pt-4">My Booking History</h2>
  <div class="row align-items-center h-100">
    {% for appointment in appointments %}
    <div class="col-sm-6 col-md-4 my-3 mx-auto">
      <div class="card">
        <div class="card-body text-center">
          <h3 class="card-title">Colour</h3>
          <p>Date: {{ appointment.date }}</p>
          <p>Time: {{ appointment.time }}</p>
          <a href="#" class="btn btn-custom">Edit</a>
          <a href="#" class="btn btn-custom">Cancel</a>
        </div>
      </div>
    </div>
  </div>
</div>
```

Check

Use the Message Filtering button below to hide/show particular messages, and to see total counts of errors and warnings.

Message Filtering

1. **Warning** Consider adding a `lang` attribute to the `html` start tag to declare the language of this document.

[From line 1, column 1; to line 1, column 25](#)

```
{% extends 'base.html' %}↵{% b1
```

For further guidance, consult [Declaring the overall language of a page](#) and [Choosing language tags](#).

If the HTML checker has misidentified the language of this document, please [file an issue report](#) or [send e-mail to report the problem](#).

2. **Error** Non-space characters found without seeing a doctype first. Expected `<!DOCTYPE html>`.

[From line 1, column 1; to line 1, column 25](#)

```
{% extends 'base.html' %}↵{% b1
```

3. **Error** Element `head` is missing a required instance of child element `title`.

[From line 1, column 1; to line 1, column 25](#)

```
{% extends 'base.html' %}↵{% b1
```

Content model for element `head`:

If the document is [an iframe srcdoc document](#) or if title information is available from a higher-level protocol: Zero or more elements of [metadata content](#), of which no more than one is a [title](#) element and no more than one is a [base](#) element.

Otherwise: One or more elements of [metadata content](#), of which exactly one is a [title](#) element and no more than one is a [base](#) element.

Document checking completed.
