CI Python Linter

```
1   from django.contrib import admin
2   from .models import Appointment
3   # Register your models here.
4
5
6   @admin.register(Appointment)
7   class AppointmentAdmin(admin.ModelAdmin):
8       list_display = ('date', 'time', 'first_name', 'last_name',
9                       'phone', 'email', 'status')
10      search_fields = ['first_name', 'phone']
11      list_filter = ('date', 'status')
12      |
```
